THE ART OF WALKING

Walking is a great way to keep your body at a healthy weight! Physical activity is important for good health and can prevent or reduce obesity. The US Surgeon General recommends 60 minutes of physical activity for children and 30 minutes for adults, each day.

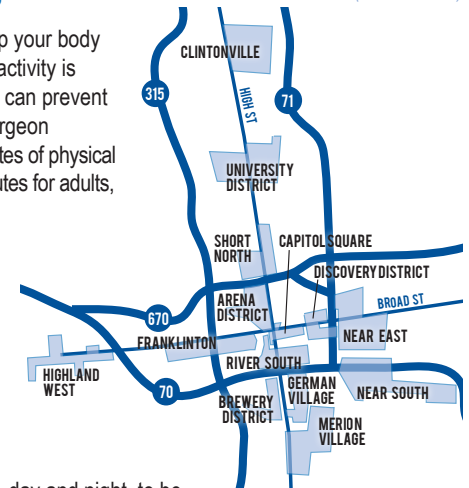

WALK SAFE

- Use crosswalks and stay on sidewalks.
- Remember to look both ways and never jaywalk.
- Obey traffic signs and signals.
- Wear light colored clothing, day and night, to be easily seen.
- The majority of the route is accessible and flat.

For assistance during the walk, please call the Clean and Safe Team at (614) 228-5718. If you have an emergency, please call 911.

To include more sites on the map, share feedback about your Columbus Art Walk experience or download additional art walks, visit the Art Walk web site at www.columbus.gov/artwalk.
