This legislation authorizes the Director of the Department of Public Utilities (DPU) to renew an existing contract with Total Compliance, LLC for Hazardous Waste Operations and Emergency Response (HAZWOPER) Training Services to provide all training and materials necessary to provide HAZWOPER Technician and Operations level courses, refresher sessions, and hazardous materials awareness classes for the Department of Public Utilities.

The U.S. Department of Labor/Occupational Safety and Health Administration (OSHA) has established federal safety and health standards for hazardous waste operations and emergency response in public sector (state and

local government) workplaces and the State of Ohio has adopted these standards (Ohio Administrative Code (OAC) 4167-3-01 and OAC 4167-3-04). In the normal operations of the Department of Public Utilities, there are various substances and waste that require proper disposal for compliance with these regulations.

4. How was cost determined: The cost, terms, and conditions are in accordance with the original agreement.

Matter Ordinance

Type:

1. BACKGROUND: This Ordinance authorizes the Director of Public Utilities to renew the professional engineering services agreement with Burgess & Niple, Inc. for the Bethel Road Booster Station Improvements Project, Capital Improvements Project No. 690473-100001, Division of Water Contract No. 1122.

Under the original agreement (Phase 1), the Bethel and Henderson Road Booster stations were studied and evaluated for alternatives that would best utilize the stations and improve system efficiencies. The study generated recommendations that were evaluated and approved during the Business Case Evaluation (BCE) process. The BCE ultimately approved the recommendations to the Bethel Road Booster Station and to the

Henderson Road Booster Station.

Phase two (Modification No. 1) included implementing the recommendations of the BCE process. The consultant was responsible for the design and plan preparation of the project, bidding, review of construction submittals during construction, and preparation of record plans.

This Renewal is for the Operations and Maintenance (O&M) Ready process. The City's Operations and Maintenance (O&M) Ready process provides for the O&M personnel to be fully informed and have the necessary information to immediately begin O&M on equipment upon turnover to the City. The Consultant's responsibilities for the O&M ready process will include gathering all necessary O&M data and inputting data into spreadsheets/templates so that information can be imported into Department of Public Utilities' Oracle WAM computerized maintenance management system.

This project is located in the "Northwest" Community Planning Area.

1.1 Amount of additional funds to be expended: \$36,864.00

Original Contract Amount:	\$100,804.00	(EL009190)
Modification No. 1:	\$376,424.00	(EL014436)
Renewal (current):	<u>\$ 36,864.00</u>	
Total (Orig. + Mod. 1 + Renewal)	\$514,092.00	

1.2. Reasons additional goods/services could not be foreseen:

This renewal was anticipated and fully explained in the original legislation under Ordinance No. 2012-2008, as well as Modification No. 1 under Ordinance No. 0619-2013.

1.3. Reason other procurement processes are not used:

Burgess & Niple has reviewed all construction submittals including operation & maintenance manuals. Their knowledge of the project and involvement since the planning stage allows for the most efficient completion of this work.

1.4. How cost of modification was determined:

A cost estimate, including labor hours, was provided by the consultant.

2. ECONOMIC IMPACT/ADVANTAGES; COMMUNITY OUTREACH; PROJECT DEVELOPMENT; ENVIRONMENTAL FACTORS/ADVANTAGES OF PROJECT:

By completing this project, the Cleveland Avenue Booster Station, which is being utilized to the maximum capacity currently, would be utilized less. This would reduce risk and maintenance costs for this station. The utilization of Bethel Booster Station would increase, but this will allow the Division of Water to meet peak demands of the northwest area of the water distribution system. This provides for adequate emergency storage and meets the demands of our customers.

3. CONTRACT COMPLIANCE INFO: 31-0885550, expires 2/6/20, Majority, DAX #004425.

Searches in the Excluded Party List System (Federal) and the Findings for Recovery list (State) produced no findings against Burgess & Niple, Inc.

4. FISCAL IMPACT: There are sufficient funds within the Water G.O. Bonds Fund.

To authorize the Director of Public Utilities to renew the professional engineering services agreement with Burgess & Niple, Inc. for the Bethel Road Booster Station Improvements Project for the Division of Water; and to authorize an expenditure up to \$36,864.00 from the Water General Obligations Bond Fund. WHEREAS, it is necessary to authorize the Director of Public Utilities to renew the professional engineering services agreement with Burgess & Niple, Inc. for the Bethel Road Booster Station Improvements Project; and

WHEREAS, it is necessary to authorize an expenditure of funds within the Water G.O. Bonds Fund, for the Division of Water; and
