

DESCRIPTION AND BENEFITS

This project originated from the Columbus School Travel Plan and is funded in part by Federal Safe Routes to School funds. This project will construct two pairs of bump-outs on Summit Street, which is a priority corridor for Weinland Park Elementary School. The first pair will be located at the intersection of Summit Street and 8th Avenue, just north of the offset, east leg of the intersection. The second pair will be located at the intersection of Summit Street and 3rd Avenue, across the south leg of the intersection. Both locations will include Type II crosswalks and additional signage, including overhead signage. The new Type II crosswalk at the intersection of Summit Street and 3rd Avenue location will also include Rectangular Rapid Flash Beacons (RRFBs).

ESTIMATED SCHEDULE

PHASE	START	FINISH
Design	Early 2022	Spring 2023
Right-of-Way	Early 2023	Summer 2023
Utility Relocations	Late 2022	Early 2023
Construction	Spring 2024	Spring 2025

*Subject to funding approval by City Council and weather conditions.

ESTIMATED COSTS

PHASE	COST
Design	\$150,000
Construction	\$550,000
